Convenient **evening classes**

The Jewish Online School offers convenient evening classes. Each session is comprised of two 45-minute sessions with a five-minute break. Each week inspires your child with an integrated program that includes:

HEBREW
Our students learn to read and write Hebrew. They gain confidence and familiarity with the Siddur (Hebrew prayer book).

TORAH
Study of the weekly Torah portion provides our students with practical lessons that apply to our daily lives.

ISRAEL
Our students will attain an affection for our heritage and the uniqueness of our homeland Israel.

JEWISH HISTORY
The students will gain an appreciation for our tradition and culture that has been preserved throughout the ages.

HOLIDAYS AND SHABBAT
Exploring the Jewish holidays and Shabbat, their customs and celebrations, will provide a deeper understanding of contemporary Judaism for our students.

JEWISH VALUES
Beginning with the origins of the mitzvot, stressing practical applications in our daily lives, our students will explore a personal feeling of Jewishness.

Our Classes are
Warm, Vibrant, and Interactive

Experience shows that the lack of classroom walls, desks and physical proximity, actually fosters an enhanced learning experience. It makes learning less intimidating, and diminishes the harmful competitiveness of wealth, dress and other distractions. The result is heightened self-confidence and enhanced attention.

The multi-media capabilities of the Jewish Online School stimulate positive social interactions and peer friendships with Jewish boys and girls all over the world.

All Jewish Online School classes are kept purposely small in order to maximize individualized attention and foster interaction between the students.
